

'A Decision of Taste'

CHRISTMAS 2009

Well folks, the end of a very eventful year for Lawson`s Dry Hills; I think we will all be glad when the calendar flips over!

We have made a point of keeping in touch with our overseas markets throughout this dismal financial period with visits to our various markets, Tanya to Australia and Marcus to the UK and Ireland. We felt that this was necessary and has been appreciated by them to keep an on-going relationship ; unfortunately I`ve had my own brush with ill-health, so haven`t been as active as I would have liked.

The Pioneer wines will be exclusively released to mail order clients.....the official launch will be in February 2010, so you can "shout" yourself something wonderful for Christmas. The three varietals are different from their Lawson`s Dry Hills counterparts (see the enclosed tasting notes), for example The Pioneer sauvignon blanc has a much broader palate than the 2009 Lawson`s Dry Hills sauvignon blanc.

"Wine is light held together by moisture" GALILEO

Cheers

BARBARA LAWSON.
